

23th Antwerp Café Bridgedrive

8 september 2017

Each year, nearly 1.100 enthusiastic bridge players attend this bridge party. And with more than 8 different nationalities we can even speak of an international bridge strike. Riviera therefore guarantees a warm welcome and flawless organization and a friendly and sporting bridge afternoon. Discover Antwerp as you have never seen her by strolling from café to café through the town centre.

Tailor made bridge

Short Round: Our Antwerp Café bridge drive is accessible to everyone. Also for those who have a bad leg. What do you need to do? Tick off "short round" on your online registration. Note that this short tour, due to the small walk, doesn't include the Grand Place of Antwerp.

In group: Are you a bridge group on the road and would you like to explore our beautiful city by group? Report this certainly explicit in your online registration. Thus we can organize this for you. The day itself is, unfortunately, not possible because we play with bridgemates and therefore we need to read in the various tours well in advance. Thus the day itself, a change in the classification of the different tours is not possible.
